

Get Me Out

Falling In Reverse

School is in another year
And I just want to disappear again, again
I hate the world I just can't win
And sometimes I just wish it would all end, all end! I walk around with headphones in
A hoodie on,
I'm trying to blend in
With all the other useless kids
That's how I've always been I know one day I'll be
The king of the music scene
Like OMG So what do you do when everyone fails you?
Am I just a stupid boy with nothing left to lose?
So sick and tired, no desire to stay in this town
So hopefully my hopes and dreams will get me out
Well, I'm stereotype of a fucked-up kid
And there's nothing really nice about the way I live
I got no money in my pocket but I'm handsome and cocky
Start a band with my posse beat the scene up like Rocky I'm a lady winner take your sister to
dinner
And I may kiss her but I won't even miss her
I'm a bad boy big dreams headed to the top
And I'm a sing my little heart out 'til the music stops So what do you do when everyone fails
you?
Am I just a stupid boy with nothing left to lose?
So sick and tired, no desire to stay in this town
So hopefully my hopes and dreams will get me out, get me out Go! And I know one day I'll be
The king of the music scene
Like OMG
So what do you do when everyone fails you?
Am I just a stupid boy with nothing left to lose?
So sick and tired, no desire to stay in this town
So hopefully my hopes and dreams will get me out (just get me out)
When everyone fails you,
(just get me out)
With nothing left to lose
(just get me out)
I'm so sick and tired, no desire to stay in this town
(just get me out)
So hopefully my hopes and dreams will get me out, just get me out
