SO DONE

[The Kid LAROI](#)

Okay, I realize now, that everything that I did was wrong
Okay, I realize now, some things are better off said than done
Okay, I realize now, that maybe I'm not ready for love
Okay, I realize now, I finished us before we begun-un-unI'm done, so done, I'm done with all
the games you play
I'm numb, so numb, I'm numb to all the pain you bring
I'm tryna figure this all out for myself
I don't need you or nobody else, I'm done, so done
So done, so done, so done, so done, I'm done
(Oh no, no-no-no, no-no-no)
I think that it's time for you to realize
That I'm not gon' be here forever but I
Wish that I was, but you were the cause
For every lit feelin' I'm feeling aside
Sometimes I'm sad and I think about why
I even trusted you, shit unsurprisin'
I'm walkin' away from you, it's about time
Want you to walk out and walk out of my life
And you, yeah, you (Yeah you)
You stay on my mind way more than I would like for you
And you, yeah you
The reason I can't find no love, don't wanna find no one
'Cause I'm done, so done, I'm done with all the games you play
I'm numb, so numb, I'm numb to all the pain you bring
I'm tryna figure this all out for myself
I don't need you or nobody else, I'm done, so done
So done, so done, so done, so done, I'm done
