

Goodbye Colorado

Corb Lund

Goodbye Colorado, goodbye Arizon'
Goodbye Nevada, goodbye New Mexico
God bless the west and Texas yes you know I'll miss you so
But it's goodbye Colorado, boys I'm headed home Well I've seen miles and miles of beautiful
country
Friends I hate to leave
But those northern reaches beckon me
Even as we speak So it's goodbye Colorado, goodbye Arizon'
Goodbye Nevada, goodbye New Mexico
God bless the west and Texas yes you know I'll miss you so
But it's goodbye Colorado, boys I'm headed home
Well I won't be comin' round much more
I bid you all farewell
Perhaps we may meet up again
On further down the trail Well it occurs to me before I go
I've one more stop to make
I have some time and after all
How long could one kiss take?
Goodbye Colorado, goodbye Arizon'
Goodbye Nevada, goodbye New Mexico
God bless the west and Texas yes you know I'll miss you so
But it's goodbye Colorado, boys I'm headed home
