

Like It

Summer Walker & 6LACK

I'm so selfish (Yeah)
I can't help it (No)
I need you all to myself Keep your focus?(Yeah)
The way I do it
Boy, you don't need no one else (No)
Ain't a race, baby, no, when I'm ridin' it slow (Slow)
And my waterfall, I'll make it overflow
Make you forget all about them hoers
Oh, you don't need 'em
'Cause can't nobody else give it to ya like that
I been rewindin' all the flashbacks
Tell me how it feels when I throw it back
Tell me again, tell me again Oh, that you like it
Tell me again, baby, that you like it
Type of love that make you wanna wife it, oh-oh
Tell me again, baby, that you like it, like it
Like it, like it I been fuckin' up your conscience
Fallin' in love with every part of us
And just tune out the nonsense 'Cause can't nobody else give it to ya like that
I been rewindin' all the flashbacks
Tell me how it feels when I throw it back
Tell me again, tell me again
I been grippin' on your waist
Flexed up, tryna beam you outta place (Yeah)
Made love on the low-key
Now I'm tryna fuck you broad day (Oh)
Tell me leave, I'ma stay (Stay)
I'm just tryna get a taste (Taste)
Chef's kiss for my next wish
Liplock on my face
Okay, I like it, like it
My pipe likely
Have her redialing
Trying to fight it
She gon' throw it back, I'ma run and get a ring, yeah
Then she gon' open up and take one for the team, yeah Said that you like it
Tell me again, baby, that you like it
Type of love that make you wanna wife it, oh-oh
Tell me again, baby, that you like it, like it
Like it, like it Tell me how it make you feel, oh
She won't do you like I will, yeah
Tell me how I make you feel, oh

They won't do you like I will
