Not Your Barbie Girl

Ava Max

Not your barbie girl
I'm living in my own world
I am plastic, call me classic
You can't touch me there, you can't touch my body
Unless I say so, ain't ya barbie noPull up to that dream house, god gang heels down
How much do you like this?
Welcome to my bedroom, hallway go down, stairs got permissionI can take myself on a dinner date
Buy myself diamonds and champagne
Order five cookies and chocolate cake uh huh
Acting like I care when I want a man
Acting like I care but I don't and?
I do my own thing, yeah watch me dance uh huh
Not your barbie girl
I'm living in my own world
I am plastic, call me classic
You can't touch me there, you can't touch my body
Unless I say so, ain't ya barbie noNo, I'm my own boss, I'm a minding you off
And something that you just can't get
Words don't temp me, trying to break me
And this feels I ain't trying to trip, noI can take myself on a dinner date
Buy myself diamonds and champagne
Order five cookies and chocolate cake uh huh
Acting like I care when I want a man
Acting like I care but I don't and?
I do my own thing, yeah watch me dance uh huh
Not your barbie girl
I'm living in my own world
I am plastic, call me classic
You can't touch me there, you can't touch my body
Unless I say so, ain't ya barbie noDid you forget I'm real?
Oh, I'm breathing, touch me, feel
Oh, say I'm your toy to play with
Why put me in a box?
You ain't gonna talk to me like that, you better stopNot your barbie girl
I'm living in my own world
I am plastic, call me classic
You can't touch me there, you can't touch my body
Unless I say so, ain't ya barbie noAin't ya barbie no
Ain't ya barbie no
