

# Cash Flow (feat. Jah Dan)

## Major Lazer

This is my time  
They never wanna see us in the high life  
But we shine bright like the sunshine  
Dem can't take that this is my life  
But let me tell you about hypocrisy  
Life without not scalp you like a sharp knife  
Hunger and starvation at the same time  
Sah-ah-nah-mah-one-of-dem-gwans-no-like it  
WHEN WE RISE When we rolling in dough  
Whether you do good or bad dem leave you a zero-oh-oh  
When you rolling in cash  
Babylon now freed dem one know oh you'll get it so fast  
When you rolling in style  
You been so good thom Jah I'll read the word with a smile  
But one thing comes first  
One thing comes first  
I never forget to yell King Selassie I The First!  
Turn us loose  
Babylon no wanna ghetto use from here. threw  
Set us Free  
Tell them property is not your destiny  
So we get it how we got to get it  
Do it how we got to do it  
Even if we gotta chop it or screw it  
To make the cash flow like fluid  
Like platinum in your pocket wop wine lil stew'ed I am a vegetarian read like a librarian  
Catch me rolling wit mad Rastafarian  
Side step roll when it comes down to retiring  
I can stay in this land and get marry  
A bottomless grave we are no slaves  
We live in the land of the free and the womb of the brave  
Rolling in dough  
Far up in the Africa way up in a thee a Congo-oh-oh  
We be rolling in cash  
Babylon now freed dem one know oh we get it so fast  
When you rolling in style  
You been so good thom Jah I read the word with a smile  
But one thing comes first  
I can't forget to yell King selassie I The First! This is my time  
They never wanna see us in the high life  
But we shine bright like the sunshine  
Dem can't take that this is my life

But let me tell you about hypocrisy  
Life without not scalp you like a sharp knife  
Hunger and starvation at the same time  
Sah-ah-nah-mah-one-of-dem-gwans-no-like it  
WHEN WE RISEWhen we rolling in dough  
Whether you do good or bad dem leave you a zero  
When you rolling in cash  
Babylon now freed dem one know oh you'll get it so fast  
We be rolling in style  
You feel so good thom Jah I'll read the word with a smile  
But one thing comes first  
One thing comes first  
I can't forget to yell His Majesty I The First!
