[Intro: Ariana Grande]  
Got a bed wit' your name on it  
Wit' your name on it  
Got a kiss wit' your name on it  
Wit' your name on it [Verse 1: Nicki Minaj]  
Thousand dollar sheets  
Waiting for you on some thousand-dollar sheets  
I got Carter III on repeat  
Back shots to the beat of ('A Milli') on you  
Got me acting like you got a milli on you  
You say I'm the GOAT, yeah, the billy on you  
I could make all your dreams come true  
Wanna fall through, then you better come through [Pre-Chorus: Ariana Grande]  
Don't make me wait until the morning  
[Chorus: Ariana Grande]  
Got a bed wit' your name on it  
Wit' your name on it  
Got a kiss wit' your name on it  
Wit' your name on it  
Love me good, love me down, don't turn me down  
Got a bed wit' your name on it  
Wit' your name on it [Verse 2: Nicki Minaj]  
Strawberry lingerie  
Waiting for you, strawberries, lingerie  
You told me you on the way  
Messed around, messed around, put it down on you  
I'ma do everything I said I'm gon' do  
Pretty little body, it look better on you  
Might have to blow it like a feather on you  
Waterfalls, ooh, yeah, you better come through  
[Pre-Chorus: Ariana Grande]  
Don't make me wait until the morning [Chorus: Ariana Grande]  
Got a bed wit' your name on it  
Wit' your name on it  
Got a kiss wit' your name on it  
Wit' your name on it  
Love me good, love me down, don't turn me down  
Got a bed wit' your name on it (Oh yeah)  
Wit' your name on it (on it) [Post-Chorus: Nicki Minaj and Ariana Grande]  
O-on, on it (On it)  
O-on, on it  
O-on, on it

O-on, on it (but I put your name... on it)[Verse 3: Nicki Minaj]  
Yo, he in my startin' five, he get the city live  
These niggas scared, they doing fifty in a fifty-five  
I'm tryna clap them like somebody told 'em, "Gimme five"  
I'ma be a half an hour, but I told 'em, "Gimme five"  
I'm tryna dance on 'em, blow my advance on 'em  
I like 'em better when he got some sweatpants on 'em  
I like his hang time, he said his head right  
I said go all the way down and then head right  
I watch him fuck it up, look at him luckin' up  
I said you need some thick skin, baby, suck it up  
He go insane on it, I put my fame on it  
Coulda put ZAYN on it, but I put your name on it[Chorus: Ariana Grande]  
I got a bed wit' your name on it  
Wit' your name on it  
Got a kiss wit' your name on it  
Wit' your name on it, yeah  
Love me good, love me down, don't turn me down (turn it down, baby)  
Got a bed wit' your name on it  
Wit' your name on it
