

Icy

Kim Petras

Never loved nobody harder
Never, ever felt stronger
Thought that we would last forever Gave me something to believe in
Thought that you were all I needed
Look at me, I'm still breathin' I used to cry over you, baby
I've wasted all this time Now I got an ice cold heart
VVS' is the only kinda ice I want
Kinda funny how the money can't replace the love
So numb, I don't feel it inside me
So dumb, I believed you really liked me
'Cause of you now my heart is so icy
Now I'm on a higher level
I ain't ever gonna settle
Plenty offers on the table
Baby, I don't even hate ya
Really you did me a favor
Turned my heart into a glacier, yeah I used to cry over you, baby
I've wasted all this time Now I got an ice cold heart
VVS' is the only kinda ice I want
Kinda funny how the money can't replace the love
So numb, I don't feel it inside me
So dumb, I believed you really liked me
'Cause of you now my heart is so icy Yeah, so icy, ah
Icy, yeah
Now I got an ice cold heart
VVS' is the only kinda ice I want (Ice I want)
Kinda funny how the money can't replace the love (Replace the love)
So numb, I don't feel it inside me
So dumb, I believed you really liked me
'Cause of you now my heart is so icy 'Cause of you now my heart is so icy
Yeah, ah
(Woah)
So numb, I don't feel it inside me
So dumb, I believed you really liked me
'Cause of you now my heart is so icy
Icy
