

# All I Blow Is Loud

Juicy J

That's trippy shit right here bruh  
Don't pass me no regular, I'm a turn it down  
All I blow is loud, All I blow is loud  
Don't pass me no regular, I'm a turn it down  
All I blow is loud, All I blow is loud  
I'm a turn it down, and be turnt up  
I'm a turn it down, and be turnt up  
I'm a turn it down, and be turnt up  
I'm burnin' loud til my lungs burnt up  
Smokin' gas in a rental  
She givin' me mental  
Countin faces (countin faces)  
While she poppin molly like mentos  
I got money forreal tho  
Split blunts down the middle  
I got love for everybody, who give a fuck how you feel though  
In a big house with 10 hoes  
Catch me in the hills blowin endo  
Pool party, that's indoors  
So much gin, take a swim ho  
Homie pass the weed, let's get super high  
I smoke that shit that made R. Kelly think that he could fly  
Droppin racks off one plate  
Took her to the strip then blew it  
Took a lot of gin and some pills, took her to my hotel room like screw it  
Smokin on pounds, smokin on pounds  
In Seattle where ain't no crime  
All I do is smoke weed and rhyme  
Sip codeine just to eaze my mind  
Don't pass me no regular, I'm a turn it down  
All I blow is loud, All I blow is loud  
Don't pass me no regular, I'm a turn it down  
All I blow is loud, All I blow is loud  
I'm a turn it down, and be turnt up  
I'm a turn it down, and be turnt up  
I'm a turn it down, and be turnt up  
I'm burnin' loud til my lungs burnt up  
Chugging on lean and I'm chieffin on skunk  
With yo man girl and I eat like it's lunch  
Kick it so tough you would think I roll pine  
Niggas so high you would think I'm gon jump  
Upwards and down, it's just like a sea saw  
Her titties keep bouncing just like a beach ball  
She oh want em all to be smoking, we fuckin

On so many drugs that we can't sleep at all  
Goons on my side, I got cars I don't drive  
Got a bitch in my bed that's somebody's broad  
Got kush in my blunt, got lean in my Sprite  
I'm drunk as a fish and I'm high as a kite  
Two down bitches and I'm in the middle  
Maybach and my curtains I ain't got to the rental  
I stay low, I look only in em  
That's the killa loudpack in my cigarillo  
No Reggie in my presence, tell them niggas get it right  
I got girls doing girls now that's the shit I like  
Now that's the shit I love, give me pussy money drugs  
I take 30 out my stash then go blow it with my plug  
Don't pass me no regular, I'm a turn it down  
All I blow is loud, All I blow is loud  
Don't pass me no regular, I'm a turn it down  
All I blow is loud, All I blow is loud  
I'm a turn it down, and be turnt up  
I'm a turn it down, and be turnt up  
I'm a turn it down, and be turnt up  
I'm burnin' loud til my lungs burnt up  
Don't pass me no regular, I'm a turn it down  
All I blow is loud, All I blow is loud  
Don't pass me no regular, I'm a turn it down  
All I blow is loud, All I blow is loud  
I'm a turn it down, and be turnt up  
I'm a turn it down, and be turnt up  
I'm a turn it down, and be turnt up  
I'm burnin' loud til my lungs burnt up
