

# Stone Love (Instrumental)

Kashif

Oooh Oooh  
Oooh Oooh Oooh  
Oooh Oooh  
Oooh Oooh  
Oooh Oooh Oooh  
Oooh Oooh Stone love  
Stoned in love with you (Oooh Oooh Oooh)  
So in love You say that you wanna  
Be mine and your'e gonna  
feel love you never felt before  
This is the beginning  
of love when love ended  
True love that time cannot erase  
God I've waited for  
Oh now, let's find a place  
(Cause I make that so) So sacrifice our love will sustain  
Girl you got me stone in love, (stone love)  
Stoned in love with you  
Oh you got me so so stoned, so in love (Oooh baby, give it to me baby) Girl you got me stone in  
love, (stone love)  
Stoned in love with you  
Oh you got me so so stoned, so in love (Oooh baby, give it to me baby) And you're so special,  
you're someone a treasure  
No one could ever take your place  
Let's stay here together in love here forever True love that time cannot erase  
God I've waited for  
Ohhh now, let's find a place  
(Cause I make that so) So sacrifice our love Will sustain Girl you got me stone in love (stone  
love)  
Stoned in love with you  
Oh you got me so so stoned, so in love  
(Oooh baby, give it to me baby)  
Ah na na na na na... (stone love)  
Ah na na na na na... hum hum hum  
Ah na na na na na... hum hum hum  
Ah na na na na na... (stone love)  
Ah na na na na na... hum hum hum  
Ah na na na na na... hum hum hum  
What I've waiting for  
Cause I make that so... Girl you got me stone in love (stone love)  
Stoned in love with you  
Oh you got me so so stoned, stoned in love

(Oooh baby, give it to me baby) Girl you got me stone in love (stoned! stoned! stoned!)  
Stoned in love with you  
Oh you got me so so stoned, stoned in love  
(Oooh baby, give it to me baby) Girl you got me stone in love (girl you got me stoned)  
Stoned in love with you  
Oh you got me so so stoned, stoned in love with you
