Phora

Phora - Stars In The Sky ft. Jhené Aiko
Take me away in your rocket ship
Been a long day, get me out of here
Stay in a state of the greatest bliss
Whenever I'm in your atmosphere I'm so glad that I've got you
You're my dream come true (Ooh)
We are divine, match made in Sirius
We defy time, nothin' else matters when
Two sides collide, you are my one and true love (Love) You know I love you
I see a halo above you
Planets align when I touch you
Stare at the stars in the sky
In the sky
Said I complete you
Do you need me like I need you?
All that I want is to keep you
Here with me right by my side
By my side I'll be runnin' back, I'll be runnin' back
You're my medicine, you take my pain away
Baby, love me back, give me somethin' back
'Cause I'm drownin' in you, like a tidal wave I'll be runnin' back, I'll be runnin' back
You're my medicine, you take my pain away
Baby, love me back, give me somethin' back
'Cause I'm drownin' in you, like a tidal wave Ooh, ooh-ooh-ooh
Ooh-ooh
Ooh, ooh-ooh-ooh
Your eyes shine like the stars in the sky
You're the one that make me feel alive
I just wanna be the reason why
Reason why you smile all the time
I just wanna be the one you need
Butterflies every time I breathe
Late at night when I go to sleep
You're the one that's always in my dreams, yeah Full moon, late night conversations
Taught me true love, taught me patience
Your lips, your smile, perfect paintin'
Need me, tell me, I'll be waitin' Ooh, ooh-ooh-ooh
Ooh-ooh
Ooh, ooh-ooh-ooh You know I love you
I see a halo above you
Planets align when I touch you
Stare at the stars in the sky
In the sky Said I complete you

Do you need me like I need you?
All that I want is to keep you
Here with me right by my side
By my side I'll be runnin' back, I'll be runnin' back
You're my medicine, you take my pain away
Baby, love me back, give me somethin' back
'Cause I'm drownin' in you, like a tidal wave I'll be runnin' back, I'll be runnin' back
You're my medicine, you take my pain away
Baby, love me back, give me somethin' back
'Cause I'm drownin' in you, like a tidal wave
