

# You Don't Know

Leon Bridges

You don't know, the things that you do to me  
Time moves slower, when I'm in your galaxy  
Stop thinkin' it over, you might change your mind  
Pull you little closer, one step at a time  
Hangin' on your words, I don't care if they're lies  
You don't know that you got me feeling like  
Oh baby, ah baby, oh baby  
Ohh ya got me feeling like  
Oh baby, ah baby, oh baby  
Ohh ya got me feeling like  
You don't know but it's right in front of me  
You ain't got to play it cool baby  
Find that fire set it free  
Stop thinkin' it over, you might change your mind  
Pull you little closer, one step at a time  
Hangin' on your words, I don't care if they're lies  
You don't know that you got me feeling like  
Oh baby, ah baby, oh baby  
Ohh ya got me feeling like  
Oh baby, ah baby, oh baby  
Ohh ya got me feeling like  
Any time, any place, anywhere, you wake up  
Any time, any place, anywhere, you wake up  
Any time, any place, anywhere, you wake up  
Any time, any place, anywhere, you wake up  
You don't know that you got me feeling like  
Oh baby, ah baby, oh baby  
Ohh ya got me feeling like  
Oh baby, ah baby, oh baby  
Ohh ya got me feeling like  
Can you tell me when you give to me  
Can you tell me when you give to me  
Can you tell me when you give to me  
Can you tell me when you give to me  
Can you tell me when you give to me  
Can you tell me when you give to me  
Can you tell me when you give to me  
Can you tell me when you give to me  
Can you tell me when you give to me
