

# No Where

## Ashanti

It don't matter how much we fight and  
It Don't matter how much I cry and  
It don't matter how much we try to leave each other alone  
It don't last for long  
Cause we got something they want  
And I'm sick when you're gone  
Waitin up til you get home And I ain't gonna sleep til I see yo face  
Even though I'm mad I'ma fix yo plate  
Ain't no other man that could take yo place  
Believe me  
I ain't goin nowhere  
You ain't gotta worry  
Ain't nobody perfect  
But what we got is worth it  
I ain't goin nowhere  
You ain't gotta worry  
Ain't nobody perfect  
But what we got is worth it It don't matter if we hit hard times  
Cause I got yo back when you got mine  
And when the rain comes I'mma be the main one  
Holdin you down through the storm  
It won't last for long  
I tell you I'mma leave but I don't  
And I'm sick when you're gone  
And I'll be waitin up til you get home  
And I ain't gonna sleep til I see yo face  
Even though I'm mad I'ma fix yo plate  
Ain't no other man that could take yo place  
Believe me I ain't goin nowhere  
You ain't gotta worry  
Ain't nobody perfect  
But what we got is worth it  
I ain't goin nowhere  
You ain't gotta worry  
Ain't nobody perfect  
But what we got is worth it I swear if you keep lovin me like you're lovin me  
I'll keep lovin you  
Can nobody do them things you do  
And even if we don't get along for a minute  
Can't nobody else come and break this commitment  
Ain't perfect, we're worth it  
So I...I ain't goin nowhere

You ain't gotta worry  
Ain't nobody perfect  
But what we got is worth it  
I ain't goin nowhere  
You ain't gotta worry  
Ain't nobody perfect  
But what we got is worth it  
I ain't goin nowhere  
You ain't gotta worry  
Ain't nobody perfect  
But what we got is worth it
