

# Old Love Feels New

Chris Young

Granddaddy always said  
When he was seventeen  
He met the girl  
The one in all his dreams And man, that was it  
He never once looked back  
He'd found somethin'  
He just knew was gonna last And if you ask him 'bout that day  
He'll just tap his chest and say That's how you know  
When it grabs a hold of you and won't let go  
And you feel like she's always been in your soul  
And as time goes by, she's still surprisin' you  
That's how you know it's true  
When a new love feels old and an old love feels new  
He said, I walked up to her door  
And I was shakin' like a leaf  
There on her porch  
'Til she flashed that smile at me And son, she took my breath away  
And she still does to this day That's how you know  
When it grabs a hold of you and won't let go  
When you feel like she's always been in your soul  
And as time goes by, she's still surprisin' you  
That's how you know it's true  
When a new love feels old and an old love feels new Now I finally see just what it means  
'Cause that's how I feel now that you're with me  
And that's how I know  
'Cause you've grabbed a hold of me and won't let go  
And it feels like you've always been in my soul  
That's how you know  
When it grabs a hold of you and won't let go  
When you feel like she's always been in your soul  
And as time goes by, she's still surprisin' you  
That's how you know it's true  
When a new love feels old and an old love feels new
