

Smoke

A Thousand Horses

She comes rolling right off the tip of my tongue so easy
She'll be the first damn thing alone when I start drinking
I'm breathing her in, breathing her out, once I pick her up I can't put her down
She's smoke

I put her in nice and slow
She's a habit and I can't let go
Blowing rings around my heart
The one she stole

Watching her sway and go
It's killing me and I know

Can't stop her once you start

She's smoke
She'll go floating around like a downtown ballroom gypsy

She goes great with ice cold beer or a shot of whiskey

Put one in my hand, her on my lips

Man, that's as good as it gets

She's smoke

I put her in nice and slow
She's a habit and I can't let go
Blowing rings around my heart
The one she stole

Watching her sway and go
It's killing me and I know

Can't stop her once you start

She's smoke
When the night burns out

And we all go home

Smell of sweet perfume

All over your clothes

Like smoke, ooh, ooh

Like smoke ooh, ooh

She's smoke

I put her in nice and slow
She's a habit and I can't let go
Blowing rings around my heart
The one she stole

Watching her sway and go
It's killing me and I know

Can't stop her once you start

She's smoke

She's smoke
When the night burns out

And we all go home

The smell of sweet perfume

All over your clothes

She's smoke, ooh, ooh

She's smoke, ooh, ooh
