

One For Me (feat. Tinashe)

[Ryan Hemsworth](#)

I can feel it in the air
That there's a freak in here
You know what to do. Baby, if it's you, come on
Someone out there is the one for me
Somehow I know you're there I've been ready and waiting
Are you the one, baby?
Someone out there is the one for me
Waiting on the day that you come for me, baby
The one for me (Baby)
The one for me (Baby)
When he comes my way
I'll do my best, give my all, make him stay
With a love so good
And when he comes alone
He'll put me first
Give me all that I want
Like an addiction
Make you feel better than you knew you could, oh yeah
Someone out there is the one for me
Somehow I know you're there I've been ready and waiting
Are you the one, baby?
Someone out there is the one for me
Waiting on the day that you come for me, baby
The one for me (Baby)
The one for me (Baby)
My heart tells me we're gonna make it
I promise you are all I need
Tell everyone that I'm your lady
I promise you are all I need, oh yeah
Typical me deceptively dreaming of
A real kind of love
Not just somebody to talk to
Am I so wrong for trusting in fate so long
Don't wanna end up alone
Got a touch so good
Show me what I've been missing all along, oh yeah
Someone out there is the one for me
Somehow I know you're there. I've been ready and waiting
Are you the one, baby?
Someone out there is the one for me
Waiting on the day that you come for me, baby
The one for me (Baby)

The one for me (Baby)
