10% (feat. Kali Uchis)

KAYTRANADA

You keep on takin' from me But where's my ten percent? You keep on takin' from meI wonder where you went You keep on takin' from me But where's my ten percent? You keep on takin' from meWhy you tryna lie for them? Pretending who you are But baby, why even pretend? You're trying way too hard Ego is not your friend I only speak the truth No, I'm not trying to offend Why you tryna lie for them? I wake up, it's so good to be me In the mirror, it's good to see me I don't check for these other bitches You can ask God 'cause that's my witness You just don't have a clue who to be Look in your eyes, I see the envy I don't check for these other bitches You can ask God 'cause that's my witnessWhy you tryna lie for them? Pretending who you are But baby, why even pretend? You're trying way too hard Ego is not your friend I only speak the truth No, I'm not trying to offend Why you tryna lie for them? You keep on takin' from me But where's my ten percent? You keep on takin' from me I wonder where you went You keep on takin' from me But where's my ten percent? You keep on takin' from meI'm a psycho All the animal Run my money to me Don't act like you didn't know You've been watered down, baby I gotta keep it pure Where's my residuals? You keep on takin' from me But where's my ten percent?

You keep on takin' from me I wonder where you went You keep on takin' from me But where's my ten percent? You keep on takin' from meWhy you tryna lie for them? Pretending who you are But baby, why even pretend? You're trying way too hard Ego is not your friend I only speak the truth No, I'm not trying to offend Why you tryna lie for them?
