Quentin Miller

[Intro: Quentin Miller]

Ayy, yeah, whoa

1-3-1-7, whoa

Some real Summer time shit, you know?[Pre-Chorus: Quentin Miller]

I don't wanna make the same mistakes, no

I don't wanna make the same mistakes, no

I don't wanna do the same ol' things, no

I don't wanna be the same, let's change (yuh)[Chorus: Quentin Miller]

Change everything, first change lanes, yeah

Chase money over everything, man, I dunno

Family over everything, man, there you go

Love over everything, man, there you go

[Verse 1: Quentin Miller]

Wednesday, [?] sun gettin' low

I am not moved by the game anymore

I'ma live hard till I can't anymore

Live, I'ma live, I'ma live how I wanna live

Marijuana presidential like Obama kids

Right in front of twelve

It's a race, it's a race, I'm in first place

It's a myth, it's a legend, it's the real thing

Girl what you been on?

What you doing later on? Link up later on

Let's get drinks later on, drink up later on

Link with me, link with me and escape your problems

You be doing the same thing, that's your problem (forreal)

[Pre-Chorus: Quentin Miller]

I don't wanna make the same mistakes, no

I don't wanna make the same mistakes, no

I don't wanna do the same ol' things, no

I don't wanna be the same, let's change (yuh)[Chorus: Quentin Miller]

Change everything, first change lanes, yeah

Chase money over everything, man, I dunno

Family over everything, man, there you go

Love over everything, man, there you go[Verse 2: Soundz]
