Ain't dem man like 40?
Ay
True stories, leave man red like Morley's
Why them man tryna war me?
Why dem man tryna war me?
Ain't dem man like 40?
Look, 3, 2, 1
How many different ways can I tell man to suck their mum?
That's suck your mum from Area 51
Platinum songs, you ain't got one
That kicks off, you ain't got gun
Pass me a zoot, pinch of the rum
That gyal cute, punch on the bum
Yeah, whole gang deh deh
Came with a few Marlys, and I don't mean reggae
Big Aitch on the belt, dem man ain't ready
Hundred racks on jewelry, then I thought, nah tomfoolery
So I did 6 figure investments, I'm a big man, now do ventures
But still got gang on the guestlist,
and I still got man that'll press this
And I still got, and I still got,
more money than all of my exes fathers
Fuck them man and their daughters
Stamp on your face in Pradas
Punch in your face by Kone
Get wrapped by the business partners (Facts)
Weasel, and the sittin' in the bag is illegal
I got white boys, that are evil
Hold up your wifey, alright Treacle
And you know them man got a new gun
You little cunt, they'll tear you a new one
We all bleed, we all Human
But I'm bloodclart richer than you man

Look, and I'm with some young G's
They're some asbos, where you coming from?
They said straight out the bando
Wanna try your luck, better know how this can go
If you wanna look inside his bag, that's a rambo
Fast lane, 0 stops
You're a trapstar, 0 crops
Man get slapped in their face when P's O'd
Man get PO boxed
Bachand, did kinda well for a black man
Come a long way from the trap fam
Swallowing dots like Pac Man
What's that fam?
I text your girl, late at night
But my name saved as Chinese takeaway
Boyfriend phone on a hype so I replied
Somebody order egg fried rice
Man better show the respect my guy
Man get 1 to the chest my guy
Still got some for the rest my guy
Man talk shit, man get mai thai
Look
Do dirt jump in the sauna
Bro got a Smith, no Jorja
Ain't on shit, you're a talker
Black boy, come 'round the corner
Man start bursting bubbles
Man's girlfriend wants trouble
Me Kone battery your girl, had her screaming our
Call that D Double, wait, or call that Dsquared
My man's girlfriends actually shared
Fuck them man they're actually, fuck them man they're actually weird
(Oh shit) Oh shit, bro just let off the whole clip
Man just lock off the whole strip
Tell them man there don't slip
Look, I heard your tape again
Said you're gonna buss your leng
On track 7, 8, 9, and 10
'Low it, you ain't gonna buss no skeng
Heard a thousand lies, man heard a thousand crimes
Don't talk to me 'bout P's
Man spent a thousand a thousand times
Blud, you do the math
Blud, you do the math
Wait, please don't love like you do the crash
Yeah, 13 reasons why I got grands in the safe
Give me 13 reasons why I shouldn't punch my man in the face
Got a radio show on Beats G, and I got a show on the TV
Plus mandem got a restaurant

Or a PD party my GG
I guess I'm the go to now, yeah, guess I'm a mogul now
Man make money in different ways
Ain't even gotta lay a vocal down
Big man, now I make boss moves
Part of my team, then I got you
True stories, leave man red like Morley's
Why dem man tryna war me?
Ain't dem man like 40?

Ay

True stories, leave man red like Morley's
Why them man tryna war me?
Why dem man tryna war me?
Ain't dem man like 40? Aight, Play Dirty
