

I Stay in Love

Mariah Carey

Baby I stay in love with you
Dying inside 'cause I can't stand it Make up, break up, can't take this madness
We don't even really know why
All I know is baby I try and try so hard to keep our love alive
If you don't know me at this point then I highly doubt you ever will
I really need you to give me that unconditional love I used to feel
It's a mistake if we just erase it from our hearts and minds and I know
We said let go but I kept on hangin' on Inside I know it's over, you're really gone It's killing me
'cause there ain't nothing that I can do
Baby I stay in love with you
And I keep on telling myself that you'll come back around
And I try to front like "Oh well" each time you let me down
See I can't get over you now, no matter what I do
But baby baby I stay in love with you
Na na na na na na na na na
Na na na na na na na na na Na na na na na na na na na
Baby I stay in love with you
It cuts so deep it hurts down to my soul
My friends tell me I ain't the same no more
We still need each other when we stumble and fall
How we gon' act like what we had ain't nothing at all now
Hey what I wanna do is ride shotgun next to you
With the top down like we used to hit the block proud in the SU
We both know our heart is breakin', can we learn from our mistakes? I can't last one moment
alone although I know
We said let go but I kept on hangin' on
Inside I know it's over, you're really gone
It's killing me 'cause there ain't nothing that I can do
Baby I stay in love with you
And I keep on telling myself that you'll come back around
And I try to front like "Oh well" each time you let me down
See I can't get over you now no matter what I do
But baby baby I stay in love with you
We said let go but I kept on hangin' on
Inside I know it's over, you're really gone
It's killing me 'cause there ain't nothing that I can do
Baby I stay in love with you
And I keep on telling myself that you'll come back around
And I try to front like "Oh well" each time you let me down
See I can't get over you now no matter what I do
But baby baby I stay in love with you
Na na na na na na na na na

Na na na na na na na na
Na na na na na na na na
Baby I stay in love with you
