## **Airplanes**

## **Local Natives**

The desk where you sit inside of a frame made of, made of, of wood I keep those chopsticks you had from when you taught abroad, taught abroad, in JapanI love it all so much I call

> I want you back, back, back You backI did not know you as well as my father, father knew you Every question you took the time to sit and look it up, look it up in the encyclopedia

I love it all

So much I call

I want you back, back, back

You backI love it all

So much I call

I want you back, back, back You backDa da daaa ayIt sounds like we would have had a great deal to say, to say

to each other

I bet when I leave

my body for the sky the wait,

the wait will be worth it

I love it all

So much I call

I want you back, back, back

You backI love it all

So much I call

I want you back, back, back

You back
