Whisky

Marian Hill

You are my whiskey I'll make you mine I can just taste itAll of these shot boys think I'm divine But I don't want to waste itThey're like a second but you're like a day yeah I used to hit it then go on my way boy I get so tipsy with you on my mind I like the whisky with my nursery rhyme Throw it back Sip it slowYou're on the top shelf And I'm looking up Perfectly craftedBartender tell me What's in that cup Yeah I got to have itI know you won't burn when I drink my glass I know how to drink it I learn pretty fast so take me to bed, babe, and I'll close my eyes yeah I like the whisky with my lullaby Throw it back Sip it slow Throw it back Sip it slow
