

City

Hollywood Undead

Let's watch it burn.
Let's watch it burn.
Let's watch this city burn the world! Let's watch this city burn!
From the skylines on top of the world! Till there's nothing left of her! Let's watch this city burn
the world! My body doused in ash,
With two empty cans of gas. The only evidence they have,
Is a police sketch of my mask.
And it's hard at times to ask,
If you could save my heart for last.
And it's hard to face the facts,
When the darkness fades to black.
It's not just make-believe,
When they make me take a seat.
And they put amphetamines,
In the air and make me breathe.
So come on and grab your children,
Look out for burning buildings. And villains who pillage,
They're killing by the millions. And billions of people die,
For a lost cause. So now I pray to my nation,
Destroyed under God.
Say "It's the end of the world"! All my battles have been won,
But the war has just begun! Let's watch this city burn!
From the skylines on top of the world!
Till there's nothing left of her!
Let's watch this city burn the world! The city looks so pretty,
Do you wanna burn it with me?
Till the skies bleed ashes,
And this fucking skyline crashes.
They catch us with matches, I ignite the flame.
And all the hopes of a youth,
Deemed fucking insane. They say: "Take the pill, in God we trust,
Go and kill, God loves us,
As in life, as in death,
Breathing till there is no breath." I will not die in the night,
But in the light of the sun,
With the ashes, Of this world in my lungs.
But who am I to say:
"Let's all just run away"?
Grab your saints and pray! We're gonna burn this world today!
Say: "It's the end of the world"! As in heaven as on Earth,
We've been dead since our birth! Let's watch this city burn!
From the skylines on top of the world!

Till there's nothing left in her! Let's watch this city burn the world! The city looks so pretty!
Do you wanna burn it with me?
The city looks so pretty!
Do you wanna burn it with me?
The city looks so pretty!
Do you wanna burn it with me? The city looks so pretty!
Do you wanna burn it with me?
We'll use the trees as torches!
We'll flood the streets with corpses!
We'll watch the city fucking bleed!
And bring the world to its knees!
Do you wanna burn it with me? Let's watch this city burn!
From the skylines on top of the world!
Till there's nothing left in her!
Let's watch this city burn the world!
Let's watch this city burn!
From the skylines on top of the world!
Till there's nothing left in her!
Let's watch this city burn the world! Let's watch it burn!
Let's watch it burn!
Let's watch this city burn the world!
