Right Now

Right Now - Jamie Foxx
Oh oh oh
Booty like to the bass like go
Known to pop champagne when the girls dance slow
Shawty in my ear like Aw let's go
Got a king-size bed that I know for sure
She keep on grabbing me like we all alone
She keep on telling me
What you waiting for
She wanna fuck right now
Right now now right
She wanna fuck right now
Right now now right
Oh shawty just slow down
I'm hitting 21s all night lucked out
Bottles of the best got money to burn
I tell her make it rain
Baby look at her moan yeah
Sliding my hand up your thigh babe
Paying nothing but attention
While I'm making you moan
Tell you and your girls to come on
She keep on grabbing me like we all alone
She keep on telling me
What you waiting for
She wanna fuck right now
Right now now right
She wanna fuck right now
Right now now right
And it's safe to assume babe yeah
You'll get the grand tour of my room oh
The way you dance in that dress
I'm kinda impressed
And I like the way you letting me know
That you ready
She wanna fuck right now
Right now now right
She wanna fuck right now
Right now now right
She wanna fuck right now
Right now now right
She wanna fuck right now

Right now now right
She wanna fuck right now
Right now now right
She wanna fuck right now
Right now now right
She wanna fuck right now
Right now now right
She wanna fuck right now
Right now now right
Right
Right
Right
