

Handful

Kelis

Hey you ain't ready for me
Ain't ready for me, oh no, oh noHey you ain't ready for me
Ain't ready for me, oh no, oh noI'm known around the block
To keep my weight up like the big guys
Know how to throw my weight like the big guys
I know I want too much, I got big eyes
So I seek how to get it with these big eyesCatch me flossin' with my working pumps on
Work 'em dress, work 'em lipstick on
Your spoon ain't ready for this honeycomb
If you a handful sing alongBa, ba, ba
I'm a handful
Ba, ba, ba
Hear me beating down the block in my grey Porsche Cayenne
Gotta be hot red like Cayenne
See them dudes hittin' switches in them low lows
I know how to hit them switches in them low lowsYou might see me with a 3 piece on
Pin stripe, holla fitted cap on
You ain't ready for this honeycomb
If you a handful sing alongNa na, na boo boo
Is it overwhelming?
Can't stand the drama
Just can't help itNa na, na boo boo
If you having problems
This how you solve 'em
Tell 'em you a handful
(Ba, ba, ba)
Hey you ain't ready for me
Ain't ready for me, oh no
I'm a handful(Ba, ba, ba)
Hey you ain't ready for me
Ain't ready for me, oh no, oh noNa na, na boo boo
Is it overwhelming?
Can't stand the drama
Just can't help itNa na, na boo boo
If you having problems
This how you solve 'em
Tell em' you a handfulBa, ba, ba
I'm a handful
Ba, ba, ba(Ba, ba, ba)
Hey you ain't ready for me
Ain't ready for me, oh no
I'm a handful(Ba, ba, ba)

Hey you ain't ready for me
Ain't ready for me, oh no, oh no
