

# If You're Tryin' You Ain't

**Toby Keith**

Yeah, you can try to love your woman, try to love your friends  
Try to love your neighbor, you can try it again  
Try to go to church, try to live your life  
Probably still be tryin' on the day that you die Well, if you're tryin' you ain't tryin', there's work  
to do, son  
You can't get up early, baby, you can't get it done  
Roll up your sleeves, don't tell me that you can't  
Make something, something, if you're tryin' you ain't Try something old, try something new  
Try it when no one else is even watchin' but you  
Try just a little, try it too much  
Try an over do it and it still ain't enough  
And if you're tryin' you ain't, there's work to do son  
You can't get up early, baby, you can't get it done  
Roll up your sleeves, don't tell me that you can't  
Make something, something, if you're tryin' you ain't Tryin', tryin' you ain't  
Tryin', tryin' Well, if you're tryin' you ain't, there's work to do son  
You can't get up early, baby, you can't get it done  
Roll up your sleeves, don't tell me that you can't  
Make something, something, if you're tryin' you ain't And if you're tryin' you ain't, there's work  
to do son  
You can't get up early, baby, you can't get it done  
Roll up your sleeves, don't tell me that you can't  
Make something, something, if you're tryin' you ain't  
Tryin', tryin'  
Tryin' you ain't  
Tryin' still tryin'  
Tryin' you ain't Tryin', tryin'  
Tryin' you ain't
