

# Happens All the Time

## Cold

I still hang on every word  
in the world of faded memories  
where your still in love with me  
I can see it in your eyes  
you look as if your major Tom has lost controlI must hold on  
This happens all the time  
I still find my faith in you  
I cant hold on  
this happens all the time  
I still find my way to you  
If a dreams all that I've got  
then I wish your in a fairy tale  
where your still in love with me  
I could see it in your eyes  
the look as if your hero fell and lost his soulI must hold on  
This happens all the time  
I still find my faith in you  
I cant hold on  
this happens all the time  
I still find my way to you...To you...  
To you...  
To you...  
I must hold on  
This happens all the time  
I still find my faith in you  
I cant hold on  
this happens all the time  
I still find my way to you
