

# 93 Million Miles

Jason Mraz

93 million miles from the Sun  
People get ready, get ready  
'Cause here it comes it's a light, a beautiful light  
Over the horizon into our eyes  
Oh, my my how beautiful, oh my beautiful mother  
She told me, "Son in life you're gonna go far  
If you do it right you'll love where you are  
Just know, wherever you go, you can always come home"  
240 thousand miles from the Moon  
We've come a long way to belong here  
To share this view of the night, a glorious night  
Over the horizon is another bright sky  
Oh, my my how beautiful, oh my irrefutable father  
He told me, "Son sometimes it may seem dark  
But the absence of the light is a necessary part.  
Just know, you're never alone, you can always come back home" You can always come  
back...Every road is a slippery slope  
There is always a hand that you can hold on to.  
Looking deeper through the telescope  
You can see that your home's inside of you.  
Just know, that wherever you go  
No, you're never alone  
You will always get back home  
93 million miles from the Sun  
People get ready, get ready  
'Cause here it comes it's a light, a beautiful light  
Over the horizon into our eyes.
