

# We Fit Together

## O-Town

I've been waiting for the stars to come out  
Dinner it was fine  
But I can't lie 'cause I've been waitin for ya  
To come back to mine  
I've been thinkin of you 24/7 and every 65  
Now the girl from Impanema  
She's here, lying by my side I got you now and I just wanna  
Show you how to play  
Goosebumps on your body  
Guide the way  
CHORUS:  
I wanna go all night  
Ain't no stoppin' 'till the breakin' of the dawn  
I wanna go inside every corner  
Girl you really turn me on  
I wanna go  
Knock knock  
Our bodies to the beat  
And when the morning comes  
We're lettin the sun shine and stay in bed  
you can't separate us  
We fit together I can feel you comin' closer  
Dancin' in the dark (Dancin' in the dark) (Ohh)  
I touch your lips and kiss your shoulders  
Send a letter to your heart  
I can't explain to which extreme I'm feelin' you (feelin' you)  
How many triple X dreams that's been starring you  
I got you now and I just wanna  
Show you how to play  
Goosebumps on your body  
Guide the way CHORUS  
I wanna go all night  
Ain't no stoppin' 'till the breakin' of the dawn (breakin' of the dawn)  
I wanna go inside every corner  
Girl you really turn me on (I wanna go I wanna go)  
I wanna go knock knock  
Our bodies to the beat  
And when the morning comes (when the morning comes)  
We're lettin the sun shine  
And stay in bed (oh baby)  
you can't separate us  
We fit together I won't get nothing done of what I ought'a do,

it doesn't really matter to me  
I-I-I am here with you  
I can't explain to what degree I'm feelin' you  
How many triple x dreams I've had starring you But I got you now and i just wanna show you  
how to play (show you how to play)  
Goosebumps on your body  
Guide the way I wanna go all night,  
ain't no stoppin' 'till the breakin' of the dawn (breakin' of the dawn),  
I wanna go inside every corner (every corner baby)  
girl you really turn me on  
I wanna go knock knock  
our bodies to the beat (knock knock to the beat hits you)  
and when the morning comes  
we're letting the sun shine  
stay in bed,  
you can't separate us  
we fit together  
I wanna go all night (all night)  
ain't no stoppin' 'till the breakin' of the dawn (all night)  
(there ain't no stopping till the breakin' of the dawn) (inside)  
I wanna go inside every corner  
girl you really turn me on (every corner, every corner baby ohho...  
I wanna go knock knock ... oohhhhhh...  
our bodies to the beat ... ohhho...  
and when the morning comes ...when the morning comes)  
we're letting the sun shine  
and stay in bed  
you cant separate us  
we fit together all night  
(I wanna go) all night  
(can I go) inside  
(how about) inside  
(I wanna go) all night  
(can I go) all night  
(what about) inside  
(can I go) inside
