

# Lookin Exotic

## Future

Extravagant Hendrix  
Switch hands like lil' pitcher  
Super astronomical Peel you off a couple bands, girl like "Here you go"  
Then lookin' like the baddest bitch in my videos  
I wanna take you out to Paris and buy you better clothes  
White Phantom, white Phantom or the white rose  
Speekin' of modellin', you look marvelous  
Hit your girl up and tell' em that you're all iced up (iced up)  
I try my best to put my ego first, I'd need to stop it  
Keep it real, you lookin' exotic, no  
Three rings on my left, I feel like King James  
They see the way we represent, they see the way we get it  
You can't be never slippin', you gotta show you're different  
I came through and took all they bitches with me  
Nigga I get all the way faded, I can't get tipsy  
I'm eating something, start busting and rushing on a daily basis, I'm guilty  
Let this champagne start flowin', drink it up 'til it's empty  
Got this V.I.P. section burnin' like a chimney  
We ain't gotta emphasize nobody, we done bought the building  
Let's go zip out to Australia, we can go to Switzerland  
We got a chauffeur and a translator for it, he don't speak English  
Sometimes when you speak from your soul it sound like you singing  
Peel you off a couple bands, girl like "Here you go"  
Then lookin' like the baddest bitch in my videos  
I wanna take you out to Paris and buy you better clothes  
White Phantom, white Phantom or the white rose  
Speaking' of modellin', you look marvelous  
Hit your girl up and tell' em that you're all iced up (iced up)  
I try my best to put my ego first, I'd need to stop it  
Keep it real, you lookin' exotic, no Gotta put a whole lot of kush into my lungs  
I put a whole lot of work and I just begun  
And when that green money on the turf, it's their call  
Gotta put that steel under my shirt and do it large  
Fuck the cops, she gon' ride you like my dog  
Chinchilla, I put it on and let it fall  
Gorilla, let it drag on the floor  
I forgot to get the money, lay low  
We take shoppin' sprees, I can bring the store to me  
I don't get top money, please, bitch I'm out they league  
Raf Simons, Rick Owens, cost 200 G's  
Cash out mad G's, bustin' down AP's  
Hand made one of one Riccardo Tisci

Crystal diamonds on my sleeves, L-O-V-E  
Changed the whips about a week, yes I do agree  
Louis V on my carry-on, yes indeed  
Have to pay for it tonight as you charge a fee  
Order the PJ at one, we land tomorrow at three  
Steak and shrimps, caviar for seven days  
Let's flick it up for my dawgs in the cage Peel you off a couple bands, girl like "Here you go"  
Then lookin' like the baddest bitch in my videos  
I wanna take you out to Paris and buy you better clothes  
White Phantom, white Phantom or the white rose  
Speekin' of modellin', you look marvelous  
Hit your girl up and tell' em that you're all iced up (iced up)  
I try my best to put my ego first, I'd need to stop it  
Keep it real, you lookin' exotic, no I'ma keep it real with you!  
Lookin' exotic  
Got a half mil' on me  
I'm 'boutta to recount it now
