

Hurricane

Wafia

I almost had it, but I forgot
Good when I got you here, it breaks me when you're not
Always dramatic, when I talk
To you I'm everything, I hate it when we stop
Put the thought of
you away, when I got home
Save myself the bitter taste, 'til tomorrow
Baby I'm lost
Turn the lights on 'Cause sometimes
All I'm trying to say is I'm lonely
You're a million miles away and it weighs me down
But everything stops when you call me
I'm a hurricane, could you hold me down?
Down, down, down
You'll never catch me
I'll run away
When things are complicated, confidence fades
I can't give myself to somebody else
I don't know what it is, you make me wanna change
Put the thought of you away, when I got
home
Save myself the bitter taste, 'til tomorrow
Baby I'm lost
Turn the lights on 'Cause sometimes
All I'm trying to say is I'm lonely
You're a million miles away and it weighs me down
But everything stops when you call me
I'm a hurricane, could you hold me down?
Down, down, down
Could you hold me?
Down, down, down
'Cause sometimes
All I'm tryna say is I'm lonely
You're a million miles away and it weighs me down
But everything stops when you call me
I'm a hurricane, could you hold me down?
Down, down, down
Could you hold me?
Down, down, down
I'm a hurricane, could you hold me?
