## Who You're Around (feat. Mary J. Blige)

## **Meek Mill**

One Night I prayed to God

I asked could he please remove the enemies from my life
And before you know it I started losing friendsSomebody who you're around wants to clip
your wings and shoot you down

But its okay to keep enemies close

As long as you know,

just make sure you know who you're aroundY'all was like my brothers

I considered y'all as folks

And I remember nights sipping liquor making toasts

Talking about the life, trying to get it slinging dope

Niggas say I changed, but you niggas changed first

And fuck all this money nigga, we was fam first

Looking at me ballin, know that instagram hurt

Cuz you was supposed to be that nigga in that damn ghost

I would have rolled for you even in the same herse

Same cemetary, burry me in the same dirt

We had a plan, but I guess it ain't work

"B.H we straight," that was the motto my nigga

I got rich first, you was supposed to follow my nigga

I'm gone

Somebody who you're around wants to clip

your wings and shoot you down

But its okay to keep enemies close

As long as you know,

just make sure you know who you're aroundAnd Dat Nigga Lil

Shit I can't believe you (not you)

That's what that syrup and that weed do?

And when I came home I tried to feed you

And every song I was yellin free you (Free Dat Nigga Lil)

And if you bled I was down to bleed too

Now when I ride by I breeze through

I don't even stop, ain't a need to

And you the one that left nigga, I ain't leave you

Shit got realer, niggas got richer

I said the money train coming, niggas missed it

I even tried to spin back around to come and get you

But niggas wanted more from me then my own sister

Somebody who you're around wants to clip

your wings and shoot you down

But its okay to keep enemies close

As long as you know,

just make sure you know who you're aroundThey want more than my mother

More than Omelly, and that nigga like my brother Greedy motherfucker

Crazy thing about it, I don't hate em, I still love em
I might have said things, I never said fuck em
But I'm a live my life, get the money, ball hard
Still sending earned money for his calling cards
Rick ain't complaining, he got life behind bars
And he still calling me, bet you he ain't calling y'all
Cuz none of y'all niggas ain't send him shit yet
None of y'all niggas send him pics yet
I'm still writing money orders, sending big checks
And remember when it rains, niggas get wet

And remember when it rains, niggas get wet
GoneSomebody who you're around wants to clip
your wings and shoot you down
But its okay to keep enemies close

As long as you know,

just make sure you know who you're aroundI still love niggas

But its like we just grew apart

If you don't grind, you don't shine

Half my niggas still around, and we all shining hard

Gone
