

# Fool Like You

Ozzy Osbourne

I hear you breathing though you're so far away  
Can you just go where you're going to?  
I couldn't give a damn or two about a fool like you  
That's true Are you just too cool? No, you're just perfectly cold  
And what goes around still comes around  
I think it's all summed up and down in a fool like you  
That's true Today is just another day  
You hold your ticket into nowhere  
It's up to you if you will stay  
And turn your day into a nightmare You think you know it, you think you know it all  
But you don't even have a clue  
And control is still in view for a fool like you  
That's true  
Is there a reason for the way that you are?  
Or does it just come naturally?  
To have an idiosyncrasy and be a fool like you  
That's true You're hearing what you want to hear  
Misunderstanding all you see  
An attitude in all of us  
Is it really you and me? He's hiding  
Residing deep within the crowd  
A hand out  
He'll pull you down You've been found guilty, committed every crime  
But still they say, "You must go free"  
Looks like haunted I will be, by a fool like you  
That's true  
By a fool like you, by a fool like you  
Looks like haunted I will be, by a fool like you  
That's true By a fool like you, by a fool like you  
Looks like haunted I will be, by a fool like you  
That's true
