[Tedashii](#)

Ooooou, I don't mean to boast now
When we leave your city, turn your city to a ghost town
And we ain't slowing down I don't mean to boast now
When we leave your city, turn your city to a ghost town
We ain't slowing down Who are we afraid of? afraid of
Who are we afraid of? afraid of
We gon take it way up, way up
We gon take it way up, way up Yo, Northside chaplain
