

# Sprung

## B2K

Yo, it's alright girl  
I understand how u feel  
You ain't gotta lie to urself  
It's easier to see  
ListenBaby it's official  
I'm tired of lookin at you out my window  
I peep u when u comin home from work  
Wit ur high heels on  
Louie Vuitton  
Girl u got it goin on  
It's crazy  
I'm tired of tellin people im ur homie  
Like they don't even know that you REALLY want me  
Girl I know it's wrong  
I'm feelin u strong  
WHY DON'T YOU JUST PUT ME ON  
When ur lovin me  
When ur touchin me  
It's like ecstasy  
To the tenth degree  
Girl I think you got me sprung  
I'm not number one  
I'm too young for u  
But not young enough  
To do what i do  
Now ain't that the truth  
Girl i think u got me sprung  
I'm not number one, no  
Girl u see i need u  
I know u mad at how ur man treats you  
But he can't do it for u like I do  
U claim u wanna leave  
So give him back his keys  
Girl come n roll wit me  
It's simple  
If u don't wanna be wit shorty no more  
Then turn around and walk into my heart's door  
It's open for u  
And tell him that ur through ohWhen ur lovin me  
When ur touchin me  
It's like ecstacy(yeah baby)  
To the tenth degree

Girl I think u got me sprung (no no)  
I'm not number one(im not number one)  
I'm too young for u  
But not young enough  
To do what I do  
Now ain't that the truth  
Girl I think u got me sprung (i said u got me sprung baby)  
I'm not number one, noKeep it real wit me(oh baby)  
Don't try to play me girl (don't try to play me girl)  
GOT SOME YEARS ON ME BUT (oh can u tell me)  
What's he got on me  
Is it his seniority  
Or are u afraid that I am what u needWhen ur lovin me  
When ur touchin me  
It's like esctacy  
To the tenth degree (Oh)  
Girl i think u got me sprung (u got me sprung)  
I'm not number one  
I'm too young for u  
But not young enough  
To do what i do (do)  
Now ain't that the truth  
Girl i think u got me sprung  
I'm not number one, noWooh  
I ain't gonna lie  
I got u now  
That's real though
