Goodbye In Her Eyes

Zac Brown Band

I could tell that it was over When her lips met mine It was an emptiness in her voice Hesitation when she smiled She didn't have to say a word It was just so plain to see She had found what she'd been looking for And I knew it wasn't meI saw goodbye in her eyes I don't think I can change it There's no way to disguise We will never make it Sometimes I feel like a clown Who can't wash off his make-up The life she wanted? it was gone Prince Charming? I wasn't But I would trade a thousand Babylons To be in her arms tomorrow But like the tide her love has come and gone And it's time for me to goI saw goodbye in her eyes I don't think I can change it There's no way to disguise We will never make it Now she sees right through me Should I hold on to what we've got Is it just a waste of time? One thing that I know for sure I saw goodbye in her eyes I saw goodbye in her eyes I know you got somebody new now

> He's gonna love the way you shine So did I

All my candles have burned out

So don't smile at me if it ain't what you need(Goodbye)

With that goodbye in your eyes

I know that I can't change it (now you see right through me)

There's no way to disguise

We will never make it

I saw goodbye in your eyes

I know that I can't change it (now you see right through me, goodbye in your eyes!)

Should I hold on

We will never make it (now you see right through me, goodbye in your eyes!)

Should I hold on

Is it just a waste of time?
One thing that I know for sure
I saw goodbye in your eyes
I saw goodbye in your eyes
I know that it's over
