

# Teach Me

Miguel

I just wanna be wherever you are  
I just wanna know your there  
I just wanna see whatever you see  
Cause I know you're not too shy to share, no[Hook]  
Cause everywhere I go and everyone I touch  
What I already know is not enough  
And no one's taught me quite like you, no  
Followin my eyes searching for the real  
Knowing that there's not much else  
Tell me that you hear what I'm saying  
Ooh I swear you know the very best way to  
[Chorus]  
Teach me, train me, guide me baby (ooh)  
Only you can release the love inside me bae  
(I've waited my turn and I'm ready to learn now)  
Teach me, train me, guide me baby (ooh, oh oh)  
Only you can release the love inside me bae  
In and out love me down playing with my dirty mind Show somethin (ohhh)  
Show and tell (ohhh)  
Show something  
Playing with my dirty mind  
(ooohh) show somethin (ooohh)  
Show and tell (ooohh)  
Show somethin  
Playing with my dirty mind  
I just wanna feel whatever you feel  
Feel it at the very same time (yeaah)  
I wanna know how to make you cry  
How to make your body cream  
Feel my dirty mind with your favorite erotic dream  
Oooh show me what to do, yeh[Hook]  
Cause everywhere I go and everyone I touch  
What I already know is not enough  
And no one's taught me quite like you, no  
Following my eyes searching for the real Knowing that there's not much else  
Tell me that you hear what I'm saying  
Ooh I swear you know the very best way to [Chorus]  
Teach me, train me, guide me baby (ooh)  
Only you can release the love inside me bae  
(ooohh I've waited my turn and I'm ready to learn now)  
Teach me, train me, guide me baby (ooh, oh oh)  
Only you can release the love inside me bae

Heat it up love me down playing with my dirty mind[Hook 2]  
Anywhere we are I'm daring you to demonstrate  
The front seat in my car close your eyes and accelerate  
If you've never seen saturn take a ride on my rocket babe  
Your body is a party and I just want to celebrate  
(Repeat)Anywhere we are  
The front seat in my car  
If you've never seen saturn  
Your body is a party baeAnywhere we are (anywhere we are anywhere we go)  
The front seat in my car  
If you've never seen saturn  
Your body is a party bae (ooohh ohh)[Chorus]  
Teach me, train me, guide me bae  
Release the love inside me bae  
Teach me, train me, guide me bae  
Release the love inside me bae  
Teach me, train me, guide me bae  
Release the love inside me bae  
Teach me, train me, guide me bae  
Release the love inside me bae
