True Companion

Marc Cohn

Baby I've been searching like everybody else
Can't say nothing different about myself
Sometimes I'm an angel and sometimes I'm cruel
When it comes to love, I'm just another foolYes, I'll climb a mountain
I'm gonna swim the sea

There ain't no act of God, girl Could keep you safe from meMy arms are reaching out

Out across this canyon

I'm asking you to be my true companion

True companion, true companionSo, don't you dare and try to walk away

I've got my heart set on our wedding day I've got this vision of you girl in white

Made my decision that it's you alright

When I take your hand

I'll watch my heart set sail

I'll take my trembling fingers

And I'll lift up your veilThen I'll take you home and with wild abandon

Make love to you just like a true companion

You are my true companion

I got a true companion, oh, true companionWhen the years have done irreparable harm

I can see us walking slowly arm in arm

Just like that couple on the corner do

Girl, I will always be in love with youWhen I look in your eyes

I'll still see that spark

Until the shadows fall

Until the room grows dark

Then when I leave this Earth

I'll be with the angels standin'

I'll be out there waitin' for my true companion

Just for my true companion

True companion, true companion
