Not so long ago, I packed my bags a hundred times
Didn't seem to know how to stop or to unwind
Goin' nowhere, a man without a dream
Guess my lucky star fell the day you came along
To my lonely heart you are like a special song
Singing sweetly your tender melody
Thanks to you
The child in me lives again
Thanks to you
I have found a peace within
I know where I'm goin' and what I want to do
Thanks to you
Lying in your arms I found my greatest pleasure
I look into your eyes and dream about forever
Wakin' up with you and lookin' forward to the day
What we plan to do, knowin' anything at all's okay
A life has a meaning
Love has got a name
Thanks to you
The child in me lives again
Thanks to you
I have found a peace within
I know where I'm goin' and what I want to do
Thanks to you
Thanks to you
The child in me lives again
Thanks to you
I have found a peace within
I know where I'm goin' and what I want to do
Thanks to you
