

I Don't Want To Do Anything

Mary J. Blige & K-Ci

If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else Listen baby Every night and day
I dream of another way
to tell you something good
I don't think that I'm understood
You walk away and I frown
With my head hung far down
You tell me what is wrong
You just wanna be loved all night long baby
If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else You told me a thousand times
That you would be mine, all mine
I do everything for you
But in your smile, I still can't find
And now you tell me this
This is something that I can miss
And all you wanna do is to love me for me
And I'll love you for you If loving you is all that I have to do
I don't want to do anything else
If loving you is all that I have to do
I don't want to do anything else
Now that I know I'm gonna make love to you
So lady open up your heart
And let me in where I belong If loving you is all that I have to do
Then it won't be wrong baby
Cause we belong together baby Together we will be as one
Just me and you, you you you Will you love me
I will love you
Will you please me
I will please you
Girl, don't leave me
I won't leave you
Let's make it easy
I'll make it easy Will you love me
I will love you
Will you please me
I will please you, you, you
Girl, don't leave me

I won't leave you
Let's make it easy They can take my possessions
No, no, no, no, They can never take your love away from me Oh, see now listen, with every
breath I breath
And every beat in my heart
I know that no one, I know that no one
Can tear us apart
(Oh no)
Cause I love you baby
I love you too
And I need you baby
I need you to baby Stay with me more than just a day
And you know, you know, you know I love you
Oh yes
Oh you make me feel so good baby
