Take It to the Head (feat. Keith Murray)

Kelly Price

Breathe It In, Breathe It Out
Flying High Ain't No Doubt
I Take It To The Head Yo' Love
On A Ride, In The Clouds
Feelin Good Won't Come Down
I Take It To The Head Yo' LoveStepped In The Room I Saw You
Instantly Knew I Had To
Present My Game & Keep It Cool
Wanted So Much To Kiss You
To Let You Know I Miss You
I Just Laid Back And Let You Move
Frontin Like You Don't Want Me
Actin Like You Don't Need Me
But It's Okay That's Just Your Way
There's A Physical Attraction
Cause A Chemical Reaction
So Come On Boy
Inhale------ExhaleThe Time Is Right For Romance
And I Want You For My Man
I Know You Want Me For Your Girl
Baby I Know You're Willing
So Let's Not Fight The Feeling
Give It To Me And Rock My World
Don't Have To Feel You
Just When I'm Near
Where Are You At
Get A Contact
Got My Head Spinnin
I'm In A Worldwind Of Your Love
And It's Got Me All Choked Up
