

All Night Long (feat. Missy Elliott & Timbaland)

Demi Lovato

I love the way you're talking
I'm loving what you're doing boy
I don't fall easy often
I've never had a love like you before
I like you, put your number
put your number on my phone, phone, phone
You heard me wrestle, call me
call me when you're all alone
Don't make bets
Come on with me, we stay up all night long
I want you in, I want you bad
Let's keep the party going all night long
Let's keep the party going all night long
All night long, all night long, all night long
I'm on another planet
I made another universe
You may not understand it
Sooner or later baby you will learn
I like you, put your number
put your number in my phone, phone, phone
You heard me wrestle, call me
call me when you're all alone
Don't make bets
Come on with me we stay up all night long
I want you win, I want you bad
Let's hit the party, going all night long
Let's hit the party, going all night longAll night long, all night long, all night longWe could
party all night night
Wanna spend a night, nightWill you be my type by the end of the night
we could pillow fightYour missy's real nice, come closer, cause I don't bite
You talking how I like
you play diddy I play white
I'm so alone, no one is home
I got your number on my telephone
Wanna wanna wanna be your girl
Wanna wanna wanna be my babe
Boy we could hold hands
it's the weekend don't make plansParty's hot, when you're here
At the club, we don't care
We gon set it off, we gon set it off

Party's hot, when you're here
At the club, we don't care
We gon set it off, we gon set it off
Don't make bets
Come on with me, we stay up all night long
I want you in, I want you bad
Let's keep the party going all night long
Let's keep the party going all night long
All night long, all night long
all night longrty going all night long
All night long
