

# Spies

## Coldplay

I awake to find no peace of mind  
I said how do you live  
As a fugitive? Down here, where I cannot see so clear  
I said what do I know?  
Show me the right way to go And the spies came out of the water  
And you're feeling so bad 'cause you know And the spies hide out in every corner  
But you can't touch them, no  
'Cause they're all spies They're all spies  
I awake to see that no one is free  
We're all fugitives, look at the way we live  
Down here, I cannot sleep from fear  
I said which way do I turn? Oh I forget everything I learn  
Spies came out of the water  
And you're feeling so bad 'cause you know And the spies hide out in every corner  
But you can't touch them, no  
'Cause they're all spies And if we don't hide here  
They're gonna find us  
And if we don't hide now  
They're gonna catch us when we sleep  
And if we don't hide here  
They're gonna find us spies came out of the water  
and you're feeling so good 'cause you know  
and those spies hide out in every corner  
But they can't touch you, no  
'cause they're just spies  
They're just spies  
They're just spies.  
They're just spies...  
They're just spies
