

It's Christmas Time (feat. Dan Caplen)

Macklemore

[Chorus: Dan Caplen and Macklemore]

Oh, I wish it was '99, when I was a kid at Christmas time

Couldn't go to bed that night

Santa Claus sliding, snow in the driveway

Under the lit up Christmas tree, with my crazy ass family

Singing, "Oh, oh-oh, oh, oh, oh, oh, oh" (I got it)

Wish I was a kid at Christmas again (Alright)[Verse 1: Macklemore]

Now, fill up the gas in the SUV

Spent way too much time tryna pick out our tree

The ceiling ain't as tall as we thought, I see

Gotta cut a couple inches off the top to proceed

And now we stringing the lights up

Five hours later, we stringing the lights up

Listenin' to Bing Crosby by the fire

Frank Sinatra, Nat King Cole, Mariah

Turn off that Michael Bublé

Turn on that one movie about the kid who licked the telephone pole on the Blu-ray

Red Ryder BB-Gun, stayin' up all night

Jimmy Stewart, It's A Wonderful Life, now am I right?

The collar's puffy, the beard is long, the belly's tubby, but the reindeer are strong

It's Santa Claus

It's Christmas time!

[Chorus: Dan Caplen]

Oh, I wish it was '99, when I was a kid at Christmas time

Couldn't go to bed that night

Santa Claus sliding, snow in the driveway

Under the lit up Christmas tree, with my crazy ass family

Singing, "Oh, oh-oh, oh, oh, oh, oh, oh"

Wish I was a kid at Christmas again[Verse 2: Macklemore]

Now, I wrap presents like a kid wearing mittens

Blindfolded, with a pair of left-handed scissors

Janky, but the gift inside? Ridiculous

Better than whatever it is you had on your wishlist

Dig in then whip up the Bisquick

Go outside, and throw 'round the pigskin

I'm a dad now, but still feel like a big kid

Best time of year, can I get an "amen"? (Amen)

The Almond Roca, the hottest cocoa

The track around the tree with the locomotives

I wanted a Jordan poster to measure my growth spurt

Starter logo, Georgetown Hoyas

I'm going off of the head, y'all

Homemade cookies that I dip in the eggnog
I wanna take a second, and shoutout my dead dog
Toby, he's dead
[Chorus: Dan Caplen]
Oh, I wish it was '99, when I was a kid at Christmas time
Couldn't go to bed that night
Santa Claus sliding, snow in the driveway
Under the lit up Christmas tree, with my crazy ass family
Singing, "Oh, oh-oh, oh, oh, oh, oh, oh"
Wish I was a kid at Christmas again[Outro: Dan Caplen]
Wish it was '99, when I was a kid at Christmas time
Couldn't go to bed that night
Santa Claus sliding, snow in the driveway
Under the lit up Christmas tree, with my crazy ass family
Singing, "Oh, oh-oh, oh, oh, oh, oh, oh"
Wish I was a kid at Christmas
Oh, oh-oh, oh, oh, oh, oh, oh
Wish I was a kid at Christmas again
It's Christmas time!
