

# Real Life

## Imagine Dragons

[Verse 1]

She says that the world is a broken mess

It's always on her mind

She cries at the news when the shots ring out

Every single time[Pre-Chorus]

No, I cannot fix it, no, I cannot make it stop[Chorus]

So I said, "Turn your phone off, only look me in my eyes

Can we live that real life, real life?"

Oh, hey, "Turn your phone off, only look me in my eyes

Can we live that real life, real life?"

[Verse 2]

Prays on her knees as the towers fall

To a God she does not know

She's begging him to stop the mess

The Boston bombs blow (Ooh)

She says, "How could I ever believe in something

That would step aside and watch?"

And I got no words to say 'cause I think I lost my faith

But I thank you for the day when everything will be okay[Pre-Chorus]

But no, I cannot fix it, and I cannot make it stop[Chorus]

So I said, "Turn your phone off, only look me in my eyes

Can we live that real life, real life?"

Oh, hey, "Turn your phone off, only look me in my eyes

Can we live that real life, real life?"

[Bridge]

I wish I had the answers

Something you could hold too

Only thing that's real to me is

You[Chorus]

"Turn your phone off, only look me in my eyes

Can we live that real life, real life?"

Oh, hey, "Turn your phone off, only look me in my eyes

Can we live that real life, real life?"[Outro]

Oh, hey (Real life, hey)

Real life, real life

Oh, hey

Real life, real life

Oh, hey
