

# Normal Person

## Arcade Fire

Ah, man  
Do you like rock and roll music?  
'Cause I don't know if I doIs anything as strange as a normal person?  
Is anyone as cruel as a normal person?  
Waiting after school for you  
You want to know if you  
If you're normal too  
Well, are you?  
Are you?Well, I'm so confused, am I a normal person, you know  
I can't tell if I'm a normal person, it's true  
I think I'm cool enough, but am I cruel enough  
Am I cruel enough for you?  
I'm gonna break you down until everything is normal now  
I know  
I'm gonna break you down until everything is normal now  
I knowThey take their tea at two, all the normal people, they do  
They burned the jungle down, while they were sleeping it grew  
You dream in English now  
In proper English, look how  
You're just the same as me  
It's throughAnd they will break you down until everything is normal now  
I know  
They will break you down until everyone is normal now  
I knowIf that's what's normal now, I don't want to know  
If that's what's normal now, mama, don't make me go  
When they get excited they try to hide it  
Look at those normals go  
When they get excited they try to hide it  
Look at those normals go  
When they get excited they try to hide it  
Look at those normals go  
When they get excited they try to hide it  
NoI'm gonna break you down until everything is normal now  
I know  
I'm gonna break you down until everything is normal now  
I knowIf that's what's normal now, I don't want to know  
If that's what's normal nowMaybe if you have together, you can make the changes in our hearts  
And if you hang together, you can change us, just where should you start?I've never really ever  
met a normal person  
I've never really ever met a normal person  
I've never really ever met a normal person  
I've never really ever met a normal person like you

How do you do?  
How do you do?  
Thank you
