

Trouble

Lindsey Buckingham

Two, ah-three, ah-four
Two, ah-three, ah-four
Two, ah-three, ah-four I really should be saying goodnight
I really shouldn't stay anymore
It's been so long since I held ya
I've forgotten what love is for I should run
On the double
I think I'm in trouble
I think I'm in trouble
I think I'm in trouble
So come to me darlin' and hold me
Let your honey keep you warm
Been so long since I held ya
I've forgotten what love is for I should run
On the double
I think I'm in trouble
I think I'm in trouble
I think I'm in trouble
I think I'm in trouble
I should run
On the double
I think I'm in trouble
I think I'm in trouble
I think I'm in trouble
I think I'm in trouble
