

# Casual Love (feat. Shaggy)

[Jordin Sparks](#)

You've been here all this time  
Ooh, your love's been heavy on my mind  
Don't know how to describe  
The way you made me feel  
Took me on a high  
And I know I'm hurting when you're not around  
And I know I'm yearnin' for your love, baby  
I don't wanna be just another girl to you  
I don't wanna be just a casual lover  
I don't wanna be just another girl you knew  
I don't wanna be just a casual love  
Don't want no fussin', fightin'  
The pain I went through, baby  
Now I see the light  
No more loney days in the night  
No, I might not know if what we have is right  
And I know I'm hurt when your not around  
And I know I'm yearnin' for your love, baby  
I don't wanna be just another girl to you  
I don't wanna be just a casual lover  
I don't wanna be just another girl you knew  
I don't wanna be just a casual love  
This love can last forever if we just hold on tight  
I know that I'm better with you by my side  
I gave my heart soo freely and let it all on the line  
Cause lovin' you is like breathin', It's soo easy  
I don't wanna be just another girl to you  
I don't wanna be just a casual lover  
I don't wanna be just another girl you knew  
I don't wanna be just a casual love  
I don't want to be no, no  
I don't want to be no, no, no
