Wolves

One Direction

I hear them calling for you
I hear them calling for youI feel the waves getting started
It's a rush inside I can't control
Your eyes keep pulling me in
I know, I know
Your friends all talking 'bout me
They say I got no chance at all
Your fire is burning deep

In my soul, my soul, my soulI ain't up for debating

Ain't enough for the taking You got the world shaking

In the middle of the night when the wolves come out Headed straight for your heart like a bullet in the dark

One by one, I gotta take them down

But you run and hide, ain't goin' down without a fight

I hear them calling for you I hear them calling

In the middle of the night when the wolves come out

Headed straight for your heart

They come straight for your heart

I hear them calling for you

I hear them calling for youI keep on holding tight now

Cause your body's telling me don't let go

We're gonna be starting up trouble

I know, I know, I know

It's bringing my demons out

More than ever down

Your beauty could start a war

As you walk in the door

I ain't up for debating

Ain't enough for the taking

We got the world shakingIn the middle of the night when the wolves come out

Headed straight for your heart

Like a bullet in the dark

One by one, I gotta take them down

But you run and hide, ain't goin' down without a fight

I hear them calling for you

I hear them calling

In the middle of the night when the wolves come out

Headed straight for your heart

They come straight for your heart

I hear them calling for you

I hear them calling for youI wish it wasn't true
But the whole world's tryna get a piece of you
And my heart keeps fighting in this battle of fools
Gotta make it through, gotta make it throughIn the middle of the night when the wolves come

out

Headed straight for your heart
Like a bullet in the dark
One by one, I try to take them down
But you run and hide, ain't going down without a fight
I hear them calling for you
I hear them calling
In the middle of the night when the wolves come out
Headed straight for your heart
They come straight for your heart
I hear them calling for you
I hear them calling for you
