

What to Do (feat. K Camp)

Ye Ali

[Intro: YE Ali]

Can you come over, let's make a movie
You know the drill, you know how we do it [Verse 1: K Camp]
Lead sonic rims 'round the corner
Shawty know I'm poppin', you can take a lil trip if you wanna
Smoking out the W, I just need another U, oh yeah
Ye got that gas on him right now
She got that ass, go 'head, bite down
All of these hoes, it's enough to go 'round
Roll up the paper, I can't do the woods
I just found out that I'm misunderstood
Mixing the Henny up with the Red Bull
Shawty know what's up, she can smell my aroma
Black shades on with my brothers, no Jonas
Skrt skrt, donuts around the corner
Tryna fuck up the whole summer

[Hook: K Camp]

I know you know exactly where I'm at
I know you know exactly where it's at
Pull up in that Porsche all black
Hot boy, what you call that
I know you know exactly where I'm at
I know you know exactly where it's at
Pull up in that Porsche all black
Hot boy, what you call that
Shawty she know what to do
Shawty she know how to move
I had that pussy one time
Don't make me pull up on you
Shawty she know what to do
Shawty she know how to move
I had that pussy one time
Don't make me pull up on you

[Verse 2: YE Ali]

Word in the city, girl you a bad ting
Make love in the bathroom
Knock the pussy out like one two
Let's make a movie, you got the best view
That pussy break up happy homes, they should arrest you
Baby you know I'm so picky
Condom right there on the dresser
You walk around in them Vicky Secrets and I love when you wear them Giuseppe's

Baby the way you keep moving
I might just cancel that Uber
I might like text you tomorrow and tell you that I see your ass in my future
Come over and
[Hook: K Camp]
I know you know exactly where I'm at
I know you know exactly where it's at
Pull up in that Porsche all black
Hot boy, what you call that
I know you know exactly where I'm at
I know you know exactly where it's at
Pull up in that Porsche all black
Hot boy, what you call that
Shawty she know what to do
Shawty she know how to move
I had that pussy one time
Don't make me pull up on you
Shawty she know what to do
Shawty she know how to move
I had that pussy one time
Don't make me pull up on you[Outro: K Camp]
Pull up in that Porsche all black
Hot boy, what you call that
Pull up in that Porsche all black
Hot boy, what you call that
